LOVE, LIFE AND LEGACY: OUR STORY IN WORDS AND MOMENTS

Onder Engele was born from the idea of a loving mother and father, who had a dream and a burning desire to share a beautiful paradise with as many people as they could. As a result of the magnitude of blessings that this family received, and the handcrafting skills of a very talented mother, who handcrafted every single statue and sculpture within the venue, the name Onder Engele "Under Angels" was born.

The venue's three-cross layout can clearly be seen from an aerial view. With the foot of each cross ending at one of our 3 chapels. The main European-style cathedral lies at the foot of the upright cross with many more surprises within its walls. The European cathedral offers much more than what the eye can see... Whilst the foundation was laid, the family gathered around the area that is now the Onder Engele cathedral and placed rose quartz on the ground followed by a prayer, giving thanks for all the grace-filled blessings and asking for his guidance, protection and endless love to all who enter the cathedral.
